Iraq Tactical: Three rockets fired at Balad Air Base in Salahuddin Province during evening hours of May 3; avoid nonessential travel

Please be advised:

- Reports indicate that three rockets were fired at the Balad Air Base in Salahuddin Province during the evening hours of May 3.
- The Balad Air Base is known to periodically house US troops and private defense contractors.
- At the time of writing, it remains unknown if the attack caused casualties or material damages.

Recommendations:

Those operating or residing in Iraq on May 3 are advised to avoid nonessential travel to the vicinity of the Balad Air Base in Salahuddin Province due to the reported rocket attack and the possibility of secondary attacks.
