Oman Tactical: Emergency drill for firefighting personnel ongoing at Salalah International Airport from August 3-17; remain cognizant

Current Situation:

- The Salalah International Airport announced that it will hold a comprehensive emergency drill at the site from August 3-17, using live fire, for firefighting personnel.
- During the drill, smoke and fire may be witnessed from the fire training area at the old airport.
- An emergency team will be stationed at the fire station to ensure an immediate response to a real fire.
- No flight disruptions are expected to materialize as a result of the ongoing drill, with operations functioning as scheduled on August 3.
