MENA Alert (UPDATE): Iran threatens to target multiple bridges, highways across Israel on April 3; take precautions

[CLICK HERE TO VIEW PREVIOUS REPORT](#)

Current Situation:

- According to a statement issued on April 3 by Iran’s semi-official news agency, Iran identified key bridges, highways, and rail arteries across Israel as “legitimate targets.”
 - Iranian forces identified two categories of targets, **rail arteries and engineering bottlenecks**, as well as **critical road chokepoints**.
 - Iran identified the **Yarkon Bridge in Tel Aviv** and the **“Bazrail Tunnel”** (likely a reference to the railway line connecting Haifa Port to Central Israel) as targets due to their alleged role in transporting military equipment, ammunition, and fuel.
 - Additionally, Iran identified the **Haifa Port** and the **Rehovot Train Station** for their alleged involvement in the distribution of cargo to war zones.
 - Iran also identified the _____
 - _____

Recommendations:

1. Avoid travel to the vicinity of the aforementioned locations across the region due to potential Iranian attacks targeting them.
2. Continue to broadly implement a shelter-in-place procedure in the region.
3. Ensure the identification of protected areas within such facilities.
4. Conduct arena-specific and timely risk assessments.
5. Remain cognizant of and adhere to authorities' instructions, especially with regard to responses to sirens and aerial attacks.
